Cash Balance Plans

The Practical Cash Balance Plan: Planning for Predictable Surprises

When setting up a cash balance plan to achieve both retirement and wealth building objectives, topics for discussion with your actuary include the best way to handle current and future costs of the plan, to keep the right parties informed about workforce changes, and to know the types of events that may trigger plan termination or redesign.

The Practical Cash Balance Plan: Choosing Your Plan's Interest Crediting Rate

When the IRS expanded its list of permissible interest crediting rates to include the actual portfolio return, there was a good amount of interest in implementing this intuitive approach. However, achieving all of the common objectives with a cash balance plan has caused the more conservative, fixed rate or fixed income index interest crediting rates to be the popular choice.

Open the Curtains and Take a Closer Look at Your Pension Plan's

Experience

Periodically validating the assumptions used to value liabilities in a pension plan can keep annual volatility down, ensure employers are not over or under contributing to the plan, and reveal trends among plan participants that may otherwise go unnoticed.

New Standard for Disclosure of Pension Risk

This new standard is meant to help plan sponsors better understand and manage the risks associated with their pension plans.

A Pension Sponsor's Readiness Guide to Plan Termination

This guide covers how to prepare for the plan termination process once a plan sponsor is seriously considering this action. It outlines the decisions and considerations necessary to terminate a plan, focusing on standard terminations for single-employer pension plans.

Will Tax Reform Affect Your Employees' Retirement Savings?

While the Tax Cuts and Jobs Act of 2017 (TCJA) left the retirement savings policy mostly unchanged, the bill is likely to have an indirect effect on retirement savings.

Governmental Pension Plans

Understanding Risk in Governmental Pension Plans

Understanding Risk in
Governmental Pension Plans

Government plans face several types of
economic and actuarial risks.

This white paper explores the four sources of large economic losses to a fund as well as four types of inter-related risks.
