

Rapid Map™ Facilitation

1

DEVELOP THE SESSION ITINERARY

Findley consultants meet with key project leads to develop objectives and questionnaire for a session.

2

EXPLORE THE OPTIONS

Participants brainstorm about possible solutions and challenges. All ideas are posted on storyboards.

3

FOCUS ON YOUR KEY DESTINATION

Participants actively prioritize ideas and suggestions through a visual and tactile process.

4

REFINE YOUR DIRECTION

Once ideas are prioritized, the group explores the best ideas deeper and reaches consensus about what needs action.

5

CREATE THE ACTION PLAN

Action Plans make sure everyone understands the tasks that must be completed. The group agrees to a timeline and responsibilities.

6

DOCUMENT THE MAP

Findley delivers a report that documents the session results. Once the client approves the report, it can be used to track implementation of the action plan.
